"Nowhere To Be"

Falling asleep nothing to eat and I'm just lying around
cause there is - no where to be - Solitude changing me
cry myself to
Sleep bring me company please - insanity downfall -
Run as fast as you can cause I'm not a man and I'm so
bored that I - could kill someone for
Fun - I'm not the only one claustrophobic and dumb I
long to see the sun but - nobody's perfect - Nowhere to
be right now - Leave your baggage
At the door this isn't funny is it you limp dick - son of a
bitch loneliness is making me crazy - Nowhere to be
right now need to break free and finds
Somewhere to be - because if I don't get out I'm gonna
make myself bleed - Solitudes changing me cry myself
to sleep - Bring me company please
- Insanity downfall - Leave your baggage at the door
this isn't funny is it you limp dick - son of a bitch
loneliness is making me crazy
