Boy take man F clune  
Ya fool boy think say more a come around, yo!  
Let's take the downtown, yes

Me have me gone in a me yard  
A me guard so if a boy want  
Me seen of a the scene  
And come back without a clue  
Take me feel afraid  
Me pop off and ease off  
To me want the marathon crew

Me have me gone in a me yard  
A me guard so if a boy want  
Me seen of a the scene  
And come back without a clue  
Take me feel afraid  
Me pop off and ease off  
To me want the marathon crew

When love is lost  
All I hear are gunshots over me  
When love is drawn  
Soaks and floats all over me  
Over me, over me

When you think a one or two, do and ya  
They ready to kill them couldn't cross the border  
Shot a lick them right middle left to center  
Like sunshine they shot them over and over  
The make sure them dead their body in a corner  
Blood run down like some stagnant water

When lonely  
It gives and gives all over me  
When love is strong  
It goes on and on all over me  
Over me, over me

Will ever since then they get me blood warm  
I never come so I'd wish I wasn't born  
Another punk guys ring the alarm

Now what's left is CPR but he already gone

When love is lost  
All I hear are gunshots over me  
When love is drawn  
Soaks and floats all over me  
Over me, over me

When lonely  
It gives and gives all over me  
When love is strong  
It goes on and on all over me  
Over me, over me
