She said, she said, she said, she said

She said she could tempt me
Both in rooms full or empty
She said, she said
Even night turn out the lights
She said, she said

"Pretend to know me, then show me"
She said, she said
She was a missed good night
I wanted to share her vagina
She said, she said

Then we jumped in her car
Went real far, after the pizza
With Wendy and Lisa
She said, she said

Asked about Prince
I left my fingerprints
She said, she said

Then I jumped in the car
Go real far
Jumped in the car
Go real far

She said, she said
"Now I start fucking with drugs
I got mugs"
She said, she said

Then we jump in the car
And go real far
She was just showin' me tanks
Robbin' banks

A new inflation bring migration
"If you wanna be boy
Don't send a decoy"
She said, she said

"Wait 'til dark comes
Don't play with guns
And kill the toys
Don't play with boys"
She said, she said

"Let's go stress
Then touch my breasts
It's all yours, we finish tours"
She said, she said

Then we jumped in the car
Went real far
Jumped in the car
Went real far
She said, she said

"Now I'm on the run
Always weighs a ton"
She said, she said

"Dark brown eyes
You wanna stroll with' eyes"
She said, she said
Takes lots of patience
Then I lost my patience

Acting like an actress
Killed her on the mattress
She's dead, she's dead
She's dead, she's dead

Then I jumped in my car
Went real far
Jumped in my car
Went real far

Jumped in my car
Went real far
She's dead, she's dead
