I am a tricky

Think about guns

[I'm two and i'm next]

Boys like girls

Girls like toys

I sat around and [go]

Tell me if i'm lyin' (up/on/uh) x3

Tell me if i'm x2

I love a tricky

Think what a girl is

And between the mens

I sat upon a [pearl is]

Boys like girls

Girls like toys

'N I sat around and [go]

Tell me if i'm lyin' [on]

I sat around and [go] x3

Tell me if i'm lyin' on

Leave you hanging on the telephone

Why you want to dial him?

I need you

I love you like a brother

We were separated at birth

You were brought up by another

Seperation

Makes me weak

I step upon your tongues

You wanna shoot me when i speak

And turn the other cheek

And shout above my cheekbone

And now my (families/family is)

[Get dialing tones]

She screams

Stop you're scarin me

But i ask

How much you think it cost to bury me

Stop your howlin'
