It's too good
It's too nice
She makes me feel it's too quick
Is it love?
No not love
She turns my sexual trick
She says she's mine, i know she lies
First, i scream, then i cry.
You take a second of me
You beckon, i'll bleed
She suffocates me
She suffocates me with suggestions
I asked 'do you feel the same?'
And later on, maybe
I'll tell you my real name
She's so good, she's so bad
You understand, I can't expand
Ahah, now I could just kill a man
She's on her knees, i say please
I cross her city lines, she's got brown eyes
I think ahead of you, i think instead of you
Will you spend your life with me
And stifle me?
I know why the caged bird sings, i know why...
Forgive and you're forgiven
Kingdom come
Can you wait for yours, i need to taste some
Life's really funny, i laugh while she spends my money
She's my freak
I guess i'm weak
You ask what is this?
Mind your business
I pass my idle days with my idle ways
'Til the twelfth of always
She walks my hallways
I keep her warm, but we never kiss
She cuts my slender wrists
Let's waste some more time
I sign the dotted line
A different level
She-devil
I think ahead of you, i think instead of you

Will you spend your life with me

And stifle me?

I know why the caged bird sings, i know why...

You ask what is this?

Mind your business

I pass my idle days with my idle ways

'Til the twelfth of always

She walks my hallways

I keep her warm but we never kiss

She says i'm weak and immature

But it's cool

I know what money's for.

Push comes to shove, her tongue's her favourite
weapon on attack

I slap her back, she mostly hates me.

I think ahead of you, i think instead of you

Will you spend your life with me

And stifle me?

I know why the caged bird sings, i know why

Can i take off your clothes

Before we go out

And when you're helpless, i'll scream and shout

We finish everyday

Well, anyway

Sixty-nine degrees

My head's between your knees.

You ask what is this?

Mind your business

It's too good

It's too nice

She makes me feel it's too quick

Is it love?

No not love

She turns my sexual trick

She says she's mine, i know she lies

First, i scream, then i cry.

Take a second of me

You beckon, i'll bleed

Take a second of me

I think ahead of you, i think instead of you

Will you spend your life with me

And stifle me?

I know why the caged bird sings, i know why X2
