Anger anger all I ever feel is anger in this fucked up world - It's inside me - You're the only one I trust - Gave it all to you
Then you threw it in my face - And you ripped me apart inside - What do you think of me now - Fuck it it's over - What do you think of me now -
I don't care - Sadness sadness all I want to feel is sadness - But I shake it off - Get it out of me - I won't let you keep me down - You're not worth
A single second of my time - So don't even talk to me - What do you think of me now - Fuck it it's over - What do you think of me now - I don't
Care - You should have told me - You should have told me the truth - You should have told me - I though you were my friend - it's not you it's me
- it's not you it's me - it's not you it's me - Fuck you I know it's me - Laughing laughing all I'm doing now is laughing - Because you fucked this up
- Threw it all away - I can see it in your eyes you'll want to take me back - But you fucking burned that bridge - And now you're feeling the heat
Of the flames - What do you think of me now - It's fucking over - What do you think of me now - I don't give a shit
