Fuck you in
Suck you in
Tuck you in
I enjoy myself within myself and back again
Encouraging [??]
I am she who stinks of men
Gritty teeth, fists are clutching,
breast stroke, lots of touching
There'll be big fun up at my hotel, motel
I'll fuck you in the ass
Just for a laugh
With the quick speed
I'll make your nose bleed
I ride the premenstrual cycle
Forget about the michael
Here's the big blast
I like the big cash
I hits the big grass
i'll spray you straight through
I spray your trade troops
He hit me one time
He hit me two times
You hit me thrice..
Because it's Tryzasnice
