Reduced so your now a felon to this age  
Feigned behind a righteous disguise  
Fooling none that witness believing only in yourself  
Betraying good for you revelation  
You hole yourself above a felon to your own belief  
Now your only just a damming contradiction  
You hold yourself above a felon to your own belief in  
self  
In yourself now self righteous and exhumed  
A godlike shaped a masquerade fooling no one that  
witness  
Refusal to absolve now refusal to absolve now  
Refusal to absolve You've failed to become  
An evil person who feigns for a goodness  
A hypocrite the wited sepulcher  
An evil person who feigns for a goodness  
An entity a wited sepulcher now a felon to this age  
Feigned behind fooling non that witness  
Believing only in yourself in yourself
