All these stars

couldn't hold a candle  
to the way that i feel  
when i look inside of you  
and see that it's real  
i haven't  
felt this feeling in  
over two years  
and it's starting to kill me inside.

this city only knows  
what would happen to me if i

Woke Up Now  
if I Woke Up from...

All these stars and  
all these wars

it's been so long  
since i've held you inside me  
and i can actually feel  
where the ocean and tide meet  
and it's you that i miss  
a picture of you  
yes i know this,  
yes i know this.

heaven only knows  
what would happen to me if i...

Woke Up Now,  
if I Woke UP, from...

All these stars  
i could seal my fate  
in this crash tin car

if i woke up now,  
from you.

don't wake me till it's  
over and done  
cuz i need to feel this now  
i don't care how  
much i bleed  
please, just leave me here!  
just leave me here!

All these lives  
They burn, scard and die  
All these stars,  
they light up in the sky  
when i thought it would be  
dark.
