take me
home tonight
i'll go
without a fight

you should
take note
take my hand
and grab my throat

you wanna know just what i've been thinking
this place is closing and we've been drinking
one more drink, and i'd end up sinking,
so please,
take me home

i'll do anything you want
anything
just so you know,
now's the time to take advantage of me
i'll do anything you want
just so you know
now's the time, to take advantage of me
cause, i'll do anything

i won't
usually
go this
easily

you should
take note
find your friends
and grab your coat!

let's call a car and go back to your place
let's make it simple like an open and shut case
put down your drink, just kiss this face and please....
just take me home

Chorus

you wanna take me in the middle of my sleep
you wanna make me invade your dreams
i'm a lot less intimidating than i may seem.

you wanna take me even though i'm a mess
another night and i might protest
but tonite i'll make myself defenseless

anything you want, from me.

i'll do anything you want me to.
