Wake up, it's over  
again, the day's getting colder  
Headaches, my mind breaks  
Kicked the covers on the floor

Downstairs, they're laughing  
Everybody seeming happy  
I'd say it's too early to smile  
I haven't done that in a while

'Cause I can't see your face any longer  
Not a trace any longer  
I can't hide  
I'm not laughing anymore  
I can't be who you wanted me to be  
Who you wanted me to see  
I don't know now what's in store  
anymore

Flashbacks, of times past  
I will just forget to make it last  
Turning on the lights  
I'm waiting  
Nothing seems to be changing  
Books are on the desk  
blank papers  
Every sign of life just seems to taper

'Cause I can't see your face any longer  
Not a trace any longer  
I can't hide  
I'm not laughing anymore  
I can't be who you wanted me to be  
who you wanted me to see  
I don't know now what's in store  
Oh

Hear me out  
Nothing's gonna break  
Nothing's gonna break me down  
Me down

Nothing's gonna take  
Nothing's gonna take me out
