I won  
Now that I've got the prize, I've lost the plot  
I'm done  
Now that the fight is gone, we've lost the fun  
It started with fire, now we're just cinders  
Covered in ash and burning out fingers  
Trying to hold on but I'm just falling faster

I promise,  
I don't hate you, but I don't love you at all.  
So let's stop pretending.

So long  
Feel bad for all the pain I might have caused  
My fault  
Guess I'm just not the girl you thought I was.  
I'm all about chances, madness and mayhem  
Try to sit still, now I miss the chase  
And now that it's over, I just can't run fast enough

I promise,  
I don't hate you, but I don't love you at all.  
So let's stop pretending.  
I don't hate you, but I don't love you at all.  
It's not the way I planned  
But nothing is

It's an age-old story  
Starting to bore me  
So I'll keep run, running away  
Catch me if you can  
Catch me if you can  
Catch me if you can

It started with fire, now it's just embers  
Once the sparks fly, they're hard to remember  
Gotta move on so I just keep on moving

I'm sorry,  
I don't hate you, but I don't love you at all.  
So let's stop pretending.

I don't hate you, but I don't love you at all.  
It's not the way I planned,  
But nothing is.
