Switching partners like a square dance
Just watch where you're going
There are limbs akimbo, flying wildly
Just watch out now, don't get hit!
You want in our scene?
Hungry like the wolf
This wasn't my dream, but every day keeps getting
better
We only look mean, crazy like a fox
Things aren't how they seem, right?

It's all fair game, anyway
It's all fair game, anyway

Just a teeny bit amoral
fiercely pessimistic but we're one big family
What's that darling,
Who says family doesn't kiss?
Oh every gang's a bit incestuous
It's just a game and if you know the rules you can't get
hurt
We're all the same, a bit tempestuous
But we're just restless, right?

It's all fair game, anyway
It's all fair game, when you play

Have you the heart and have you got the guts?
It's not a sport but who says life should be so boring?
We find your rules a bit extraneous
We leave you breathless, right?

It's all fair game, anyway
It's all fair game, anyway
It's all fair game, when you play
The rules are strange, but aren't they great
