It's another beautiful day  
And I can feel it rising up in my throat  
It was just one of those days  
When you wake up and you think you're still at home

Takes a flash to figure it out  
But in your memory you might find some holes  
Oh, like the last 6 hours  
That made you realize you're sleeping on the floor  
On someone else's floor

Oh, time to do the walk of shame  
Hide your face, the night was calling  
Time to do the walk of shame  
Hide your face, the day is dawning

Here's another thing to explain  
And I've got 25 missed calls on my phone  
Oh won't you leave me alone  
So I can brutalize my life all on my own

Hello stranger, what is your name?  
And can you tell me where we are  
Oh god oh no. Tell me we didn't... Oh  
Thank god ok well now I've gotta go  
I've gotta get home

Oh! Time to do the walk of shame  
Hide your face, the night was calling  
Time to do the walk of shame  
Hide your face, the day is dawning

Pick a path, oh any old one  
It can't get worse than what I've already done  
I know this used to be fun  
But party's over now I'm feeling deaf and dumb  
Oh what have I become!

Oh! Time to do the walk of shame  
Hide your face, the night was calling  
Time to do the walk of shame

Hide your face, the day is dawning
