I don't want no, nobody teasin' around with me.  
I don't want no, no nobody, teasin' around with me.

I may be weak, I not may be strong.  
I may be right, and I may be wrong.  
I don't want no, no no, no no, no, nobody teasin'  
around with me.

I've been in love, lately, I'm not a fool, you see.  
You left my heart, you breaking, with my own memory.  
So if you want it, you want me back, I give you lovin',  
sweet lovin' like you never had.  
I don't want no no, no no, nobody teasin' around with  
me.

I may be blue, and I may be blind.  
But I've got my guitar and nothing you're gonna do with  
my mind.  
I don't want no no, no no, nobody teasin' around with  
me.  
I don't want no, no teasin' around with me.

Don't want nobody ... teasin around
