A-baby-baby-baby, you're always on my mind
A-baby-baby-baby, can I have some peace of mind-
mind-mind-mind
Tell me baby, tell what am I to do
A-baby-baby-baby, oh should I keep on lovin' you

When I go to bed, I try to get some sleep
I talk only to, wouldn't you know it baby
To mama Jean, do the creep-creep, creep-creep
Tell me baby, tell what am I to do
A-baby-baby-baby, oh should I keep on lovin' you

A-baby-baby-baby, you're always on my mind
A-baby-baby-baby, can I have some peace of mind-
mind-mind-mind
Tell me baby, tell what am I to do
A-baby-baby-baby, ah should I keep on lovin' you
Well now, wow-wow-wow-wow
Tell me baby, wow-wow-wow-wow
Tell me baby, wow-wow-wow-wow
Tell me baby, tell what am I to do
A-baby-baby-baby, ah should I keep right on lovin' you
