Verse 1

Remember that day
That i met you
That day in Novemeber
I sat next to you
Asked you for yo name
Tho i already knew
Just to say something
Thats what i had to do
Saw that you was coo
So den i asked you
Wat u bout do
After we get out of school
Maybe we can kick it
But you was like no thank you
Thats what i remember
The first day i met you
Yo I'm a skip ahead
To the time we was talking
Being more den friends
Bout to be lovers
Asked me hell of questions
Bunch of what ifs like
U trying to get me stressed
But i always came back
Wit the right answers
And thats all that mattered
Den i hear dis laughter
After i said yo
Theres something i gotta ask ya
Think u already knew
That i was feeling you
And wanted you as my boo
From then on we was
Always being true
Saying i love you
And you love me too
Thats how we used to do
We always holding hands
Everywhere we went

We never had a plan
Like a leaf we let
Wind blow our direction
Spontaneous did things
Without hesitation
Nothing could stop us
Could do anything
Cause u was my girl
And i was yo man

Verse 2

Remember the time
We was chilling at the park
Laying down together
Didn't wanna get up
Talked many about things
But mainly was feelings
Girl it seemed like a dream
But i know it was real
Long time ago
Wen you was ma world
Things was hell of different
Now everything is changed
Had ya head on ma chest
As i whisper sweet things
During those special moments
We was like one being
I was yo king
And you was my queen
You was ma rock
And my everything
Didn't wanna see you leave
Wanted time to freeze
So you could be wit me
Treasure everyday
That i spent wit u
Nothing last forever
And thats remains true
So i always look ahead

We never look back
But i always think of you
Wen i think of the past

Verse 3

All good things
Always come to an end
We could never predict it
But it was gone end
We knew it was coming
Just didn't know wen
Nothing really happened
We just drifted away
Thought we could find a way
But things had changed
Can we just be friends
Is all that you say
I was like ok
As long as we still coo
Den u avoid me
Everyday at the school
Felt hell of pain inside
Let it out wit the pen
In a hundred poem
Now i aint look at them
Just kept them in a box
Wit some other things
So that memories aint lost
Back to today
We both moved on
Don't trip about dis
Cause the feelings is gone
If i saw u tomorrow
I probably wont say nothing
Cause there aint no reason
To be starting no drama
