Hookx1 (Lil Jen)

The memories wit you is running through my mind..
I be thinking about u all the time..
But I gotta face the factâ€¦ that u is gone
Now everything wit you and me..
is just a memory. Oo Yeah just a memory.

Verse 1 (Lil Jen)

Every time I look through our pictures
i think about you and me
Everything we had in the past
its just a memory..
So I'm sitting here
reminiscing when we was togetherâ€¦
Everybody thought
we'd be together foreverâ€¦
But things happen..
and things changesâ€¦
I'm no longer kicking it wit you on the basic..
Memories from the past keeping running threw my
mind..
I don't know y I be thinking about u on timeâ€¦
Telling myself its the past so let it goâ€¦
Gotta move on frill that's fo sho
that its the presentâ€¦now it's the past
It way to late for me to say that I want u back..
Ooo cause u move on.. and your gone..
Oo yeah so I gotta move along

Hookx1 (Lil Jen)

The memories wit you is running through my mind..
I be thinking about u all the time..
But I gotta face the factâ€¦ that u is gone
Now everything wit you and me.. is just a memory. Oo
yeah just a memory

Verse 2 (Swt Baby B)

I miss the times
the times we shared

you promised me
that you would care
its hard to say--goodbye
things ain't like it used to be
ain't like we used to be
we used to be so close
and now its like--
i don't know you anymore
don't know you anymore

Hookx1 (Lil Jen)

The memories wit you is running through my mind..
I be thinking about u all the time..
But I gotta face the factâ€¦ that u is gone
Now everything wit you and me.. is just a memory. Oo
yeah just a memory

As I look back
Reminisce about the past
things that never seemed to last
time go by so fast
niggas stab me in the back
how that girl leave my ass
shit should i get depress
but i always look ahead
and keep my mind positive
i never look back
try to set me a goal
and i never drift from it
things used to be like this
the the changes took place
remember the good old days
promised that we wouldn't fade
would always be this way
that it would not change
but now nothing remain
except that memory ingrained
guess nothing be the same
that shit was never easy
was always like on replay
just like a movie
i miss them times wen
i could call u baby
my one and only lady
it wasn't meant to be
had me staring blankly
at the t.v.
now its just a memory

Hookx1 (Lil Jen)

The memories wit you is running through my mind..

I be thinking about u all the time..
But I gotta face the factâ€¦ that u is gone
Now everything wit you and me.. is just a memory. Oo
yeah just a memory
