[Intro - Lil Shade]

Yea I kno you love me baby and you kno i still love you  
youll always be my one and only when ever you need  
me ill be right there  
i love you {\*Kiss\*}

[Verse 1 - Lil Shade]

Baby i wrote this song to tell you your my life  
When i found you i fell in love with you, so  
I should have never acted so wrong cuz baby you was  
always so right  
I never wanted to lose you but i wasnt good enough so  
you had to let me go  
I didn't know where it went bad or how i could end up  
like this  
I truly loved you and still do, but i was stupid really I  
was foolish  
I wish i could go back cuz i would change the way i was  
I'd change myself  
I never thought that i would be alone without your love  
not ever  
I truly thought you were the one the one i would love  
forever  
I will never be the man you made me be  
I fell for you baby an di made you fall for me  
You couldnt explain to me the way you truly felt  
The problem is when we were together i only thought of  
myself  
I told you i loved you and i always will the one and only  
will always be you  
I remember you told me you love me and baby i know  
you still do

[Chorus - Lil Shade]

When i lost you baby i lost a big part of me  
I never thought it could happen it was one thing i really  
couldnt believe  
Baby i just wish you would please come back to me  
We were destined to be together forever  
if you ever want me back baby call me cuz i'll love you  
forever
