[chorus]

you always been there by my side i love so ya could've
made me stay but you let me grow see i had to leave
but i'll
be back just remember your my beautiful queen mom i
love you so,
you always been there by my side i love so ya could've
made me stay but you let me grow see i had to leave
but i'll
be back just remember your my beautiful queen mom i
love you so

[verse 1]

see mom i know one day you hope to see becky as my
wife
but the lord knows my moms the only true love in my
life
i know theres alot of stupid choices that i have made
back in the days
that you never did get and i know at one time they were
making
you sick getting into fights and arguements every
other day
and i know when you lay your head down at night for
me you pray
all the family that i thought i had back then
my mom was the only one that would bail me out the
penn
after getting arrested so many times i seen she was
hurt by the
pain in her eyes and the tears she cried god why
couldnt i've just died
she would kick me out the house after me and her
would fight
but still my mom would be the one waitin up at the door
for me at night
coming in from out the rain she would grab me and say
she loves me
and i will always be her little soldier and promise never
to leave me
i love you mom you did what you could to bring home

the food so
that we could eat dont you worry your little soldier will
never leave

[chorus]

you always been there by my side i love so ya could've
made me stay but you let me grow see i had to leave
but i'll
be back just remember your my beautiful queen mom i
love you so,
you always been there by my side i love so ya could've
made me stay but you let me grow see i had to leave
but i'll
be back just remember your my beautiful queen mom i
love you so

[verse 2]

pretty soon mom im gonna move out and be out on my
own
but dont worry i will call you every day on the phone
when i get home
but remember i will always love you so i dont want to go
but i cant
do nothing else but grow your my beautiful queen i
thank you so much for
giving me my life pretty soon you'll see your little
soldier walking
down the isle with becky i promise she will be my wife
arent you proud
now your oldest finally made it i sent you a card and a
flowere i
jope that you get it when im gone i will always think
about ya
second for second its gonna be hard being alone
without ya
but i will make a good life for myself and always stay in
good health
i workout just to stay in shape when i lay my head down
at night
every night for you i pray to be in the game today i
think i have a
pretty good chance and i promise you will have your
dance one day
i just wish grandma and grandpa were alive today i
think about yous
everyday and everytime a family member dies i can
see the pain in
her eyes why does the lord keep taking all our families
lives
soon i will be home just so you know i will always be by
your side

you will never be alone

[chorus]

you always been there by my side i love so ya could've
made me stay but you let me grow see i had to leave
but i'll
be back just remember your my beautiful queen mom i
love you so,

made me stay but you let me grow see i had to leave
