im a drama setter gripping my baretta sipping  
armaretta  
man you crazy if you think imma let up  
i told you imm a drama setter  
i'll be the first to set it homie you can bet it just  
dont get in the way of my chedda  
man cause imm a drama setter  
i dont go looking for no trouble but somehow the  
trouble always finds me  
dont make me have you in the trauma center  
with your momma crying cause her only son is dying  
she dont know its just your karma catching up cause
