Title : Music

[Verse 1 - Lil Shade]

Occasionally i may seem a little bit crazy theres nothing
you could

ever do to ever hurt me scare me or phase me but
every now and then

i need something to calm me and save me go ahead
keep on saying

things it makes me think that you wanna face me but it
pisses you off

every time the radio plays me you say im a geek all
because i spend

time with my baby sister in the backyard picking
daisies say her name

again and youll be in for a rude awakening you may
thik you can take

me you wont even make me shake see your hits wont
even phase me

[chicka-chik] i said your hits wont even phase me save
it whatever it is

your about to say to me dont be mad at me and hate
me cuz i was blessed

with this gift god gave me and he placed me in this
crazy insane house

with a mommy who raised me with no daddy so i drove
her crazy and

she would chase me to my uncle charlies and he would
save me as much

as everybody hates me you prolly think this is corny but
as corny as it

may seem it got me in the game today see i dont have
to fake it its easy

inspired by eminem the great and i know im not
making it through heavens

gates see but believe me no one will ever erase me im
racing in this

game and last place is where you'll never place me so
listen closely and

sing this with me

[Chorus - Mr. Chris]

Theres nothing you could ever say or ever do im
through with this music
but theres nothing you could ever do or start that we
cant finish but
something could pop off at any minute damn Lil Shade
you just blew it its
just music hold up the second verse will start and
second and youll listen
to it cuz its music

[Verse 2 - Lil Shade]

i remember back when i lived in delaware these kids
were freestyling
everywhere they were doped out rappers i smelled it in
the air i seen my
man eric there so he started messing around with me
not knowing i could
freestyle i let him do his thing and embarrase me i just
smiled but then
he started messing around and got in some shit he
couldnt get out he
talked about something that shouldnt have left his
mouth i couldnt believe
it all i know is i couldnt handle it he caught an ass
whooping because of it
i heard him talk about my baby sister haley and i just
lost it sucks dont it
when you cant finish something you started but haley
your brother loves
you baby but i cant sai i hate my dad im just mad but
dont worry i do love
you dad i cant keep hiding my feelings inside cuz they
been tearing me up
deep inside since junior high sorry dad i never liked
your wife always
acting like she was apart of my life but i just gripped
my teeth and gave
it a try the only thing that made my life worth living for
was my baby
sister haley dont you worry baby ill be back for you but
see i hope this
aint how eminem feels when hes away from haille but
now i know how
much it hurts this is what we live for Hailie Jade your
daddy loves you

we we will always
fight for you stand up for you most of all love you your

[Chorus - Mr. Chris]

Theres nothing you could ever say or ever do im
through with this music
but theres nothing you could ever do or start that we
cant finish but
something could pop off at any minute damn Lil Shade
