Some call me a loser, some call me a cheater  
Some say I'm a selfish untalented dreamer  
'Cause all's I try to do is keep my dream alive  
But it's so hard to do when your working 9 to 5

I've never been one afraid to die but I'm afraid to leave  
behind  
The precious life that grows through the sands of time  
'Cause now I've got two daughters and I know they  
need their father  
To help them make it through all of the devious things  
that people do

'Cause every moment counts from the good times to  
the bad  
I don't have time to envy those that got things I've  
never had  
'Cause the one thing most important is the one we take  
for granted  
And until your life is on that line I think it's the way God  
had planned it

To open up your eyes and make you realize  
That to some life is money but what's money without  
life  
'Cause all's I need is the air that I breathe  
And my friends and family to believe in me

As deep as the abyss where the waters run  
As deep as the land of the rising sun  
You know I'm down  
And even when them odds are against us  
It doesn't even matter nothing else matters

As deep as the abyss where the waters run  
As deep as the land of the rising sun  
You know I'm down  
And even when them odds are against us  
It doesn't even matter nothing else matters

We bleed the same blood, we cry the same tears  
We have the same fears, we pass the same years

We see the same stars under the same skies  
We pass the same time, we all live and die

'Cause friends and family wash thicker than blood  
And if ya' never felt love than I feel for you  
'Cause lives pass above us in 747's  
Deceased dwell below us before they go to heaven

Everything in between will hassle me  
Some stay connected while other keep dreaming  
Looking for that meaning but the lost can't be found  
Drop to your caps and pray now can ya' hear the  
sound?

Do ya' feel it? Now do ya' feel it comin'?  
Two triple zero the hunters are the hunted  
Electrical currents conflict with the spirits  
Ah do ya' hear it ah or do ya' feel it?

Deep like seven leagues life intrigues intelligence  
Got no time for clutter, you're late if there's hesitance  
Put your foot forward and there will be a helping hand  
Take a step back and your stuck in the quick sand  
Ingesting toxins keeps us locked in, a mental jail trap  
'99 where's your family at

Oh, and I might fail oh, I might succeed  
Whatever the outcome is just keep your faith in me  
Just believe in me and I will be there

As deep as the abyss where the waters run  
As deep as the land of the rising sun  
You know I'm down  
And even when them odds are against us  
It doesn't even matter nothing else matters

As deep as the abyss where the waters run  
As deep as the land of the rising sun  
You know I'm down  
And even when them odds are against us  
It doesn't even matter nothing else matters

As deep as the abyss where the waters run  
As deep as the land of the rising sun  
You know I'm down  
And even when them odds are against us  
It doesn't even matter nothing else matters

Doesn't even matter nothing else matters
