There you were last night sitting close to her by  
candlelight  
I couldn't let you see my crying eyes but I wanted so  
bad to run to you  
How could you find someone in just so little time  
We said we'd be friends maybe one day - give us one  
more try  
I can't understand, it happened so fast  
Six months have passed  
Now suddenly you've gotten over me

It hurts when I thought I had gotten over you  
It hurts when together forever won't come true  
It hurts when one broken heart is how it ends  
'cause it hurts to know that you are in love again

I'm trying so hard not to care but you're happy now and  
it's not fair  
Just when I thought that I was getting strong I see you  
with her - I was wrong  
Now I can pretend that losing you didn't mean a thing  
And I can deny that this whole thing's not happening  
To hold it inside-it's killing me, it's hurting me. If you  
could only see

It hurts when I thought I had gotten over you  
It hurts when together forever won't come true  
It hurts when one broken heart is how it ends  
'cause it hurts to know that you are in love again

La-la-la-la..Ohh

It hurts when oooooohhhhhhhh  
It hurts when I see you, I see you with her  
It hurts when my broken heart is how it ends  
'cause it hurts to know that you are in love again
