Verse 1

There you were last night sitting close to her by candlelight

I couldn't let you see my crying eyes

but I wanted so bad to run to you

How could you find someone in just so little time

We said we'd be friends maybe one day - give us one more try

I can't understand, it happened so fast

six months have passed

Now suddenly you've gotten over me

Chorus

It hurts when I thought I had gotten over you

It hurts when together forever won't come true

It hurts when one broken heart is how it ends

'cause it hurts to know that you are in love again

Verse 2

I'm trying so hard not to care but you're happy now and it's not fair

Just when I thought that I was getting strong

I see you with her - I was wrong

Now I can pretend that losing you didn't mean a thing

And I can deny that this whole thing's not happening

To hold it insideâ€¦it's killing me, it's hurting me. If you
could only see

Chorus

La-la-la-laâ€¦..Ohhâ€¦..

It hurts when oooooohhhhhhhâ€¦.

It hurts when I see you, I see you with her

It hurts when my broken heart is how it ends

'cause it hurts to know that you are in love again
