Once upon a time I walked an easy road

Didn't think I needed anyone.

I could make it on my own

Never thought about tomorrow

Just livin' day to day

Never thought these clouds would come along

And bring me so much pain

When my world was upside down

I didn't think that I could make it,

Reached out my hand for you

And you were there to take it

Chorus

I wanna thank you

For being my strength when I thought I couldn't go on

And I wanna thank you

For showing me right when my heart was leading me
wrong

For all the times I was lost and my soul was blind

And I didn't know what to do

Somehow you pulled me through

And I wanna thank you

You.....

Verse 2

When I was down and feeling low

Looked up and you were there

Somehow you knew and found me

You were the answer to my prayers

You shined a light when it was dark

And opened up my eyes

You led the way when I was lost

And you helped me realize

That I will never walk alone 'cause you'll be by my side

I don't know what I'd ever do without you in my life

Chorus

I wanna thank you

Bridge

With every step I take

You show me there's away

And in your hands my heart will never go astray

So each and every day...

Chorus

I wanna thank you

Thank you for the love you gave me

And everytime you were there to save me

Thank you for being right by my side

(I wanna thank you)

When I thought that I couldn't make it

Reached out my hand

You were there to take it

Thank you for being here in my life

(I wanna thank you)

For all of the joy

For all of the tears
