Baby every now and then you disappear from this earth

And where you been and where you go I don't know

But when you didn't up for till 2 I'm like where was you

Late again (you) didn't call on a cell that I bought

[Chorus]

I figured out when you open your mouth

First you start forgettin' then your palms start sweatin'

Then you twitch, twitch

You can't disguise when you're caught in a lie

You always reply with a twitch, twitch

[Verse 2]

It's true your body language told on you

Tell me what'd you do

First you lie, start to stutter

??

you're guilty and one day you gonna feel me

but you should know it's not right

it's not okay I wasn't born yesterday

[Bridge]

Speak up, I can't hear you

What did you say boy wussup?

You so crazy acting this way, is there something

In your eyes cuz you twitch when you look at mine
