Tell me who do you think you see

You're standing in your corner looking out on me

You think I'm so predictable

Tell me who do you think I am

Looks can be deceiving

Better guess again

Tell me what you see

When you look at me

Verse 1

You're probably thinking that I want those things

Cash, cars - diamond rings

Thinkin' on my side the grass is green

But you don't know where I have been

I could be a wolf in disguise

I could be an angel in your eyes

Never judge a book by it's cover

B Part

I could be a crook or your lover

I could be the one or the other

If you'd look beneath you'd discover

You just don't know me!

Hook

Tell me who do you think you see

You're standing in your corner looking out on me

You think I'm so predictable

Tell me who do you think I am

Looks can be deceiving

Better guess again

Tell me what you see

When you look at me

Verse 2

You look at your neighbor thinking 'what a guy'

Cuz he's got a 9-5

And I bet that you don't realize

He stalks you while you sleep at night

Yet you're scared of the homeless guy

Think he's gonna wanna start a fight

Never judge a book by its cover

(Repeat B Part)

Bridge

(Talk) Now tell me, who do you think I am? Huh?

You don't even know me

Well did you think about this

(Repeat B Part)
