Atta boy girl

That a-way to break my heart

Atta boy girl

Atta way to tear me apart

Yeah, you know how to do just what

To make me mad enough to blow my top

Well atta boy girl

Atta way to break my heart

Well, atta boy girl

Atta way to make me cry

Atta boy - boy

You make we wish I could die

Well, you took my young head and filled it full

Of pure d-b-u-double elbow

Atta boy girl

Atta way to make me cry

Yes, and I'm just a sad and lonely guy

And it's all because, all you do

Is make me sit around feelin' blue

Atta boy girl

Atta boy

Atta way to hurt my pride
Atta boy girl
You really tore me up inside
Yeah, you took me for all I had
I treated you too good - too bad
Well, atta boy girl
Atta way to hurt my pride
Mmm, and I'm just a sad and lonely guy
And it's all because, all you do
Is make me sit around feelin' blue
Atta boy girl
Atta way to hurt my pride
Atta boy girl
You really tore me up inside
Yeah, you took me for all I had
I treated you too good - too bad
Well, atta boy girl
Atta way to hurt my pride
Break my heart
Make me cry...
Atta boy girl
