[Hook: Matthew Koma]

Baby wears a white dress  
Like a goddess when she's going out  
A black dress top when she says  
Strip me down to my birthday dress  
(birthday dress, birthday dress)  
I'll strip you down to your birthday dress  
(birthday dress, birthday dress)  
Baby wears a red dress like it's Christmas  
When she's hot for me, my heart sweats when she says  
Strip me down to my birthday dress  
(birthday dress, birthday dress)  
I'll strip you down to your birthday dress  
(birthday dress, birthday dress)

[Verse 1]

Look  
Girl you fine  
I'd be lyin'  
If I said I wasn't tryna strip you down  
Can we get away? Lemme take you 'round  
On my Chris Brown shit lemme take it down  
Yeah Ha  
You could be my new girl  
Once I got through I'mma need a new girl  
All my old girls gotta be cool with my new girl  
They're invisible all I can see is you girl  
You know we the perfect match U-N-O  
Chemistry throwback like Nintendo  
Other girls can't see you like a tinted window  
It's all good though I'm just tryna explain where it could  
go  
Cause you fly and I want you by my side  
Make us like a vowel U and I

[Verse 2]

Girl you on that  
First time I seen her I said I'm on that  
Now I'm on that  
I think I did good, Hand clap  
Now I gotta keep it fresh like Saran Wrap  
Argue to make up  
Mm damn girl you're cuter then a car  
I ain't gon lie man I think I'm in love  
Cupid shot me so I hope he shoot her  
I see you movin', where you headed to?  
I just want you to see me like I'm ahead of you  
When I look at you it's a hella view  
I'm tryna put a stamp on it like I'm mailing you  
It's all good though I'm just tryna explain where it could  
go  
Or where it should go  
Cause you fly and I want you by my side  
Make us like a vowel U and I

[Outro]

Oh it ain't gotta be yo' birthday to jam this one  
But I see you in your birthday dress  
Rockin' it well  
Real well
