I look out at landscape unknown to me  
Aloft feelings it seems once were mine  
Unfurling to penetrate memory  
It's only time  
Sun ceases warming, it warns me, but I came

I came for you  
Each in our hearts alone  
But fighting the way

You try me doubtless in your way  
So sure the pieces  
You hold, so tell me  
Am I alone?

Sorting through layers it's cloudy  
Hot ice and strange wondrous snow  
Impressions sculptured ephemeral  
Of what I know

I came for you  
Each in our hearts alone  
But fighting the way

At odds with myself you and I  
Our very nature fleeting  
Fractured and reeling  
Restore my own

I look at a landscape unknown to me  
Aloft feelings it seems once were mine  
Unfurling to penetrate memory  
It's only time  
Sun ceases warming, it warns me, but I came

I came for you  
Each in our hearts alone  
But finding the way

At odds with myself you and I  
Our very nature fleeting

Fractured and reeling  
Restore my own

You try me doubtless in your way  
So sure the pieces  
You hold, so tell me  
Am I alone?
