She calls at 3am and stands you up again

She has 10 thousand friends

It's just the way she is

Never waits in line

And never has the time

She makes you lose your mind

That's just the way she is x2

Ch) you'll never be, what she needs

She'll always live, with your sanity

She'll never do, what you want her to

You know its true, Miss Vanity

(That's just the way she is)

Loves to turn you on

And you think you can't go wrong

Oh she comes ah and she goes

That's just the way she is x2

Ch)

On your knees, such a tease

And bitter sweet, you're not what I need

She'll never do, what you want her to

You know its true, Miss Vanity

She knows what to say

To all the hearts she plays

You love her anyway

You know its true, Miss Vanity
