### "When I Fall In Love"

When the night is falling  
And you want a place to go  
I'll be waiting for you baby  
But you don't knock at my door  
Baby let me tell you  
You're my man from making love  
Every minute and every hour  
Always deep inside my soul  
Feeling the love

When I fall in love  
I can give my heart  
Getting close to you  
And all the world have seen so fine  
When I fall in love  
I can dream of you  
If you really wonder  
Get the best of you  
When the night is falling  
I will give our love a light  
Every minute every hour  
Everyday for you and I  
Now I have to tell you  
That you broke my heart into  
But you're gonna stay inside me  
I'll be never feeling blue  
Feeling the love
