I had a walk the other day
To Meet someone I think you know
The air was cold
Skies were so grey
Somebody lay on the ground below
All For You
All For You
All For You
Came face to face
Felt so uneasy
Oh so confused as what's going on
Just could not move
Feel so affaid
Whisper the words
The words were said
All For You
All For You
All For You
Into the street
People can meet
Don't turn your back to the view

The silver blade can cut up your throat

I tell you now

'Cause I know it's true

All For You

All For You

All For You

I had to walk the other day

To meet someone

All For You
