So where did you go?

Where do you go in the Big Sleep

Going out in the Deep Sleep

Is where you're wandering now

So where did you go now

When you are in the Big Sleep

Drifting in wildlife

And still you're wandering now

We were on the top and the world was spinning

We were only young in the whirlpool of warning

Communication lost in the thundering rain style

A shelter from the storm in the early beginning

Going out in the Big Sleep, out in the Big Sleep

Could have been years, you know it could have been
years

Or only seconds ago

Big Sleep, Deep Sleep

Where are you now?

Now that you're in Big Sleep

Valuable friend

They saw you leaving this way

We were on the top and the world was spinning

We were only young in the whirlpool of warning

Communication lost in the thundering rain style

A shelter from the storm in the early beginning

Where did you go?

Immaculate friend

For a lifetime I'm grateful

And it's only a second away

Big Sleep, Deep Sleep

Forevermore

If only you could see me

If only you could see me

If only.

you could see

Forever

Coming home in the Big Sleep

coming home
