"Destiny"

Look at the world outside

Beware its evil tide

Too many endless days

Cold streets and alleyways

The poor come crawling out

They speak but never shout

I think you'd rather be alone

You're hiding in a shell

So easy I can tell

Can you sell me some thoughts

Though drugs just can't be bought

Tell me is it some crime

To wait a long time

I think you'd rather be alone

Can you hear me

Can you see

I don't want this destiny

To be destined

Destiny

Something's been happening here

Don't touch

Don't come so near
Don't ask me to reply
Can't think of no more lies
The hand that reaches out
Can crush without a doubt
I think you'd rather be alone
Oh much is left unexplained
It's getting to my brain
Yet still you wear that smile
Then walk your crooked mile
Some day you're bound to learn
Too late
There's no return
I think you'd rather be alone
Can you hear me
Can you see
I don't want this destiny
To be destined
Destiny
