In time only time speak for time in time

Time calls time cries, sweet friend of mine

Time could be a place

Spirit and a face

Take drops through time

While way below the whirlwinds will blow

A pretty nation sleeps in time

The beauty of it is

We're waking up to shake the hand of time

In time only time we'll speak for time

On a quiet night of a white hot day

Whisper the things that'll come our way

On a quiet night of a white hot day

Hold back the years hold back the years

Time calls time cries, sounds like a friend of mine

Time will run to meet the slick and shiny beast

That creeps to me through time

While way below the whirlwinds will blow

The beauty of it is

We're waking up to shake the hand of time

In time only time in time only time in time

On a quiet night of a white hot day

Whisper the things that'll come our way

On a quiet night of a white hot day

Hold back the tears hold back the tears

In time only time speak for time

Quiet night of a white hot day

Whisper the things that'll come our way

On a quiet night of a white hot day

Hold back the tears hold back the tears

In time only time

Quiet night of a white hot day

Whisper the things that'll come our way

On a quiet, on a quiet night of a white hot day

Roll back the years roll back the years

In time only time we'll speak for time

On a quiet night

Hold back the tears to another day

Quiet night of a white hot day

Hold back the tears hold back the tears

In time only time speak for time

Quiet night of a white hot day

Whisper the things that'll come our way

On a quiet, on a quiet night of a white hot day

We'll hold back the tears

In time only time speak for time

Quiet night of a white hot day

Hold back the tears to another day

On a quiet night of a white hot day

Whisper the things ...
