I see your goal,
Come on inside,
Where it's warm and we are all,
Doin' alright.
And if you're somewhere lost in time,
And you've been fighting for your life
I'll just say 'Hi'.
Chorus:
I thought I knew just what kind of girl that I had,
Now I've seen you,
And I've seen the world,
That you have
Come from and I don't need to,
Tell you that I still love you.
I wanna light you and then just watch you shine.
I have been searchin' hard,
Each and every day,
This is my only heart and it's beating itself away.
And if your burning up inside,
I'll be your blessing in disguise
Here ends the waiting time.
Chorus:
I thought I knew just what kind of girl that I had,
Now I've seen you,
And I've seen the world,
That you have
Come from and I don't need to,
Tell you that I still love you.
I wanna light you and then just watch you shine.
Chorus:
I thought I knew just what kind of girl that I had,
Now I've seen you,
And I've seen the world,
That you have
Come from and I don't need to,
Tell you that I still love you.
I wanna light you and then just watch you shine.
When life gets too hard,
Or maybe mundane,
Just listen and you'll hear me
Callin' your name.
And then you'll feel your hand in mine,

And then our kingdoms will unite...
