You see her dancing out on the floor  
(Sunday you need love, monday be alone)  
You wanna, wanna, wanna have her like before  
(Sunday you need love, monday be alone)  
But you gonna use her, shape her for your needs  
(Sunday you need love, monday be alone)  
You gonna make promises you never, never keep  
(Sunday you need love, monday be alone)  
You gonna leave her out on her own  
(Sunday you need love, monday be alone)  
'Cause sunday you need love, love, monday be alone  
(Sunday you need love, monday be alone)  
Hey you, you, you, you  
Tender young lady  
Wonder where you go, where you sleep tonight  
(Sunday you need love, monday be alone)  
Hey you  
Everlovin woman  
Beware you don't pass the borderlines of light, again  
tonight  
(Sunday you need love, monday be alone)  
You gonna use her, use her, shape her for your needs  
(Sunday you need love, monday be alone)  
You gonna make promises you never, never keep  
(Sunday you need love, monday be alone)  
You gonna leave her out on her own  
(Sunday you need love, monday be alone)  
'Cause sometimes you want her, want her, then again  
you don't  
(Sunday you need love, monday be alone)  
Sunday you need love, love, monday be alone, lone  
(Sunday you need love, monday be alone)  
Hey you, you, you, you  
Tender young lady  
Wonder where you go, where you sleep tonight  
(Sunday you need love, monday be alone)  
Hey you  
Everlovin woman  
Beware you don't pass the borderlines of light, again  
tonight  
(Sunday you need love, monday be alone)  
Better find someone else ,to treat you well

Better find a good man, to give you some respect  
You gonna use her, use her, shape her for your needs  
(Sunday you need love, monday be alone)  
You gonna make promises you never, never keep  
(Sunday you need love, monday be alone)  
'Cause sometimes you want her, sometimes you don't  
(Sunday you need love, monday be alone)  
'Cause sometimes you want her, want her, then again  
you don't, don't  
(Sunday you need love, monday be alone)  
Sunday you need love, love, monday be alone  
(Sunday you need love, monday be alone)  
Sun-sun-sun-sunday you need love, love, monday be  
alone, lone  
(Sunday you need love, monday be alone)  
Hey you, you, you, you  
Tender young lady  
Wonder where you go, where you sleep tonight  
(Sunday you need love, monday be alone)
