We'll end up numb from playing video games  
And we'll get sick of having sex  
And we'll get fat from eating candy  
As we drink ourselves to death  
We'll stay up late making mix tapes  
Photoshopping pictures of ourselves  
While we masturbate to these pixelated  
Videos of strangers fucking themselves  
We are very busy people  
We are very busy people  
There's crusty socks and stacks of pizza boxes  
Making trails straight to the bed  
And when we're done sleeping we'll stay busy  
Dreaming of the things we don't have yet  
Well there's a long, long list of chores  
And shit to do before we play  
Oh let's just piss away the day  
Crank call the cops down at the station  
Just for friendly conversation  
Requesting songs they never play  
Let's hear the one that goes like  
We are very busy people  
We are very busy people

But we've always got time for new friends  
So come on over and knock on our door  
It's open, what's ya waiting for  
We might be spawled out on the floor  
But we still make lovely company  
Pull up a chair, I'll pour some tea  
We'll shoot the shit 'bout everything  
'Til you get sick of politics  
And flip on the tv screen  
We stare at the tv screen  
that Donnie Darko DVD  
Has been repeating for a week  
And we know every single word  
I've got an iPod like a pirate ship  
I'll sail the seas with fifty thousand  
Songs i've never heard  
All the best of them go

fa la la la la la la la...  
We are very busy people  
We are very busy people  
But we always have time for new friends...yeah  
fa la la la la la la la...
