[Mo B. Dick]  
Mmm....hmmm  
Girl we been long on overdue for this right here huh?

[Woman]  
Yeah I know huh?

[Mo B. Dick]  
Yeah it's really bout to really go down you know.

[Woman]  
It's going down. Plus I've been wanting you.

[Mo B. Dick]  
For real?

[Woman]  
For real.

[Mo B. Dick]  
Sit right there.

Picture you and me in a six four  
In the back seat smoking on some bud  
There some freaky little things going on in my mind  
It's another crazy night in the N.O.  
Girl I'm really not trying to make you rush  
But picture you and me making love sometime

I've been digging on you since the twelveth grade  
Kind of shy, didn't know what to say  
You turned me on like a light girl  
Yes you did, yes you did  
You were a friend but you became part of me  
Back in the day I know that it was meant to be  
Time's have changed, now I'm a grown man not a kid  
So what I'm saying is

Picture you and me in a six four  
In the back seat smoking on some bud  
There some freaky little things going on in my mind

It's another crazy night in the N.O.  
Girl I'm really not trying to make you rush  
But picture you and me making love sometime

Girl I'm on another level everyday  
Making money, everybody knows my name  
There ain't no limit to the things I can do for you  
No, cuz you've been down when I didn't have a dime  
And on these streets you were my partner in crime  
It's only right for us to do what we supposed to do  
And if you, twose you have it all  
Me and you baby ball until we fall  
All you have to do is promise that you keep it real  
Keep it real girl, I'll die for you, you die for me on  
everything  
I'm your tomorrow, girl you'll be my destiny  
Think about it, don't you doubt it girl do what you feel  
And in the meantime

Picture you and me in a six four  
In the back seat smoking on some bud  
There some freaky little things going on in my mind  
It's another crazy night in the N.O.  
Girl I'm really not trying to make you rush  
But picture you and me making love sometime

Picture you and me  
Intimatly, total estcasy  
Baby can't you see  
I really want you baby  
I really, really want you baby
