RAIN it began to fall down
Outside is darkness ... also my heart
RAIN sound the doze steals up to the person
Who listened to it
RAIN its still continuing
I began to proceed to the outside
The appearance that drips in water was seen
It seems to have driven into water like that
Both hands were piled up but it cannot prevent rain
Im still wetting [am i cold ?]

Walking in the
Walking in the
Walking in the
In the rain
In the rain

It drips from cloudy sky it has not stopped falling yet

Walking in the
Walking in the
Walking in the
In the rain
In the rain

After cloudy sunlight will open before long maybe
RAIN it doesn't stop falling
Its not understood when its today
When cloudy continues
The person is also dark ah
You who extends ones hands say [here is cold]
By my umbrella
The smile arise to you

Walking in the
Walking in the
Walking in the
In the rain
In the rain

It drips from cloudy sky it has not stopped falling yet

Walk in the
Walk in the
Walk in the
In the rain
In the rain

After cloudy sunlight will open before long sure

Walking in the
Walking in the
Walking in the
In the rain
In the rain

Dazzling sunlight that spills through wisps of cloud

Walking in the
Walking in the
Walking in the
In the rain
In the rain

Its compared to tears
Someday its possible to smile
RAIN went up
SO now throw away the umbrella
The time for you to sing came
After that I have umbrella again
And now I will go to next for smile
