By the river I sat down one day
Saw my life the other way:
All these trials to no avail!
Broken dreams was all I bloody gained!
Way down,
Carry me down
To the River of Life!
Vindicate!
Remember well when I was a child
They promised me a paradise
But promises turned into lies
All they left us was a world demise!
Way down,
Carry me down
To the River of Life!
Anyhow!
Hold me in your arms
Drown me in sweet moisture
Lascivious fiery breath covering
Your fangs softly penetrate:
The pleasure & the pain!
Dissolving I discern
I'm not dead!
I asked for love, got a golden cage
Plastic emotions in a plastic age
The pain I felt they told me wasn't real
"The Earth!", I cried - my last appeal!
Way down,
Carry me down
To the River of Life
Come to light!
Now it's my turn to realize
To change the road, to change the side
The past has gone: May it rest in peace
A new dawn fades as she sows the seed
Way down,
Carry me down
To the River of Life
Recognize!
Hold me in your arms
Drown me in sweet moisture
Lascivious fiery breath covering

Your fangs softly penetrate:
The pleasure & the pain!
Dissolving I discern
I'm still alive!
A midnight's dream disclosure
Saw momentous desire
My life layed in your hands,
My confidence!
The background of reality
Just one step away
Am I to cross the frontier?
Am I to dare?
In dreams I died a thousand times
But then one dream: A golden shrine
Her whispered words did soothe my grief
She is candour in this world of thieves!
Way down,
Carry me down
To the River of Life!
Indicate!
I hear the call of the roaring sea
There's still a fire burning inside of me
The wind shall take me to another shore
The earth I am for evermore!
Way down,
Carry me down
To the River of Life
Eternity!
And as I try to stand the trial
Dreams & Memories of You
Come haunting me like demons!
But I won't fail this time
Because my Love had been asleep for much too long!
Oh Eva,
Your Love so precious & pure!
My the Goddess grant me a second miracle
So I may lie in Your arms again!
For You are the Sun,
the Moon and the Stars to me!
You are the only one I desire
from the depths of my heart!
Desperate I walk the blackness of the Maze
Trying to follow the footsteps
of an unforgettable Love
that'll bring me back again
to You, Eva, my Beloved!
