### "Friends"

I won't be there for your abuse  
Stupid smile on your face it's no excuse  
All those "friends" you use for manipulation  
People like you just spread frustration

You're not a friend to me  
The friend you pretend to be  
A friend to me you'll never be  
You're not a friend to me  
My friend you'll never be

6. Businessman  
Tie and suit and family life  
Work each day from 9 til 5  
Then work on from 5 til 10  
Don't be surprised if you never see your friends again
