Like the lark in the morning breeze you fly  
with the clouds in the sky  
Like the waves rolling in on the shore  
from days of yore  
You walk amongst stars that are shining  
like the light in your eyes  
Crowned by sundown  
and dressed in the light of the moon

Glittering rainbows  
A warmth like the scent of the trees  
your song that travels through time  
comes like spring rain to me

Your brown eyes they shine  
When you smile at me  
Your brown eyes they shine  
with all the love that I see

All the trials of the past  
all the hurt you went through  
Made yourself only stronger  
Now look at you!

Your silhouette revealing itself  
sets heavens afire  
The wind keeps caressing your hair  
as we're leaving the fair  
When nightfall is turning our world  
in a void out of sight  
You'll be chasing the last rays of light  
with your heart opened wide

You're walking this earth  
with a passion so fervently  
Enchanting my heart and my soul  
you're a mystery to me

Your brown eyes they shine  
When you smile at me  
Your brown eyes they shine

with all the love that I see

See your beauty unequalled  
A fire I desire  
You're everything to me  
My love, my life and my light

Your brown eyes they shine  
When you smile at me  
Your brown eyes they shine  
with all the love that I see

Your brown eyes they shine  
When you smile at me  
Your brown eyes shine  
with all the love that I see

Oh, how they shine  
Oh, they shine...
