He waited all these years  
Lived in dreams and fears  
Hoping for a change that never comes  
Mirror, mirror on the wall  
He'd seen nothing at all  
An emptiness inside banged the drums  
Like a snake shedding it's skin wondering what and  
where I've been  
I was lost among some scriptures written in sand  
Searching for the sun  
Not knowing what he'd done  
A roly-poly toy from pain to joy  
A voice inside his head  
The last words have been said  
He set his sails but never found no Helen of Troy  
The bonds that didn't last turned into ghosts of  
christmas past  
Until the day I woke up to myself again  
Tell me, tell me who you are  
You're only human  
You're not a superstar  
Tell me, tell me who you are  
No more running away from the way you are  
Tell me, tell me who you are  
You're only human  
You're not a superstar  
You gotta tell me, tell me who you are  
Outside - Inside  
Inside - Outside
