Do you know where you're going to?
Do you like the things
That life is showing you
Where are you going to?

From my minds view
I see a world that's trying
To figure out peace
In the midst of crying

It's a wake up call
We gotta stand up tall
'Cause times are
Always changing

Gotta keep moving on
We need to stick together to come up strong
In a world of hate
Gotta learn to appreciate, do you know?

Do you know where you're going to?
Do you like the things that life is showing you
(Do you know, do you know where you're going to?)
(Do you like what life is showing you?)
Where are you going to?

Do you know where you're going to?
Do you like the things that life is showing you
(Do you know, do you know where you're going to?)
Where are you going to?

As time keeps ticking, use your eyes to see
What's really going on with society
It's not a fantasy, this is reality
'Cause you never really know
What's gonna come our way

So you gotta be ready
And live for today
It's time to be strong, we gotta all get along
Do you know?

Do you know where you're going to?
Do you like the things that life is showing you
(Do you know, do you know where you're going to?)
(Do you like what life is showing you?)
Where are you going to?

Do you know where you're going to?
Do you like the things that life is showing you
(Do you know, do you know where you're going to?)
Where are you going to?

Just like a fairytale in a movie scene
You keep your hopes high with so many dreams
You can start to fly but only if you try
See every generation needs someone to look up to

Someone to shine a light on the dreams
We knew we gotta carry on
So we sing our song, do you know?

Do you know where you're going to?
Do you like the things that life is showing you
(Do you know, do you know where you're going to?)
(Do you like what life is showing you?)
Where are you going to?

Do you know where you're going to?
Do you like the things that life is showing you
(Do you know, do you know where you're going to?)
Where are you going to?

Where are you going to?
Do you know?
