I can tell you things nobody knows
Up and everywhere nobody goes
Nothing gets me off the way that you do
You drive me crazy when you step in the room

Something bout your lips
Something bout your kiss
Something bout your eyes
Keeps you on my mind
Thought it was nothing
Turns out it is something
You're the one that keeps me up every night

Who Who
Who Who
Loves you
Who Who
Who Who
Loves you

I think I do
Yeah Yeah well I think I do

You crawled under my skin and I feel you there
You're with me all the time you come everywhere
But when I needed space I push you away
But then I want you back you're hard to erase

Something bout your lips
Something bout your kiss
Something bout your eyes
Keeps you on my mind
Thought it was nothing
Turns out it is something
You're the one that keeps me up every night

Who Who
Who Who
Loves you
Who Who
Who Who

Loves you
Who Who
Who Who
Loves you
Who Who
Who Who
Loves you

I think I do
You're hard to erase
Oh Oh oh
I think I do, I think I do
Oh Oh Oh Oh
Well I think I do
Oh Oh Oh Oh Oh Oh Oh

I can tell you things nobody knows
Up and everywhere nobody goes
Nothing gets me off the way that you do
You drive me crazy when you step in the room

Who Who
Who Who
Loves you
Who Who
Who Who
Loves you
Who Who
Who Who
Loves you
Who Who
Who Who
Loves you
Who Who
Who Who
Loves you

(fade away)

Who loves you? (I think I do) I think I do.
Who Loves You?
WHO LOVES YOU?!
Me.

[Person 1 quietly:] What?
