Swimming all around in confusion
It takes me for a ride
Hearing the bells that are ringing
I think I'll run and hide

It's crazy what you seem to do
Every now and then
It's crazy what you seem to do
When you're wasted with people
And you don't even care

Well, in mocking you and mocking me
Dealing with mentality I'm blown away
Well, in mocking you and mocking me
Dealing with mentality I'm blown away

Hearing the bells that are ringing
When I try to sleep
Hearing the evil minded
That prey upon the weak

Well, I think about the Boogie Man
Every now and then
Well, I think about the Boogie Man
Whose coming through my door right now

Well, in mocking you and mocking me
Dealing with mentality I'm blown away
Well, in mocking you and mocking me
Dealing with mentality I'm blown away

It doesn't have to be that way
We can be free if you want to
It doesn't have to be that way
We can be one if you want to

Every time I look around
I think, "Is there someone
Staring down at me?"
Every time I look around
I think, "Oh God, I think I'm gonna
Make me a man that I am"

Well, in mocking you and mocking me
Dealing with mentality I'm blown away
Well, in mocking you and mocking me
Dealing with mentality I'm blown away

It feels like it's foolish everywhere
It seems like its crucial everywhere
I never thought I could be stapled
By the metal in the gun
I never thought I could be stapled
By the metal in the gun

Well, in mocking you and mocking me
Dealing with mentality I'm blown away
Well, in mocking you and mocking me
Dealing with mentality I'm blown away
Ooh, in mocking you, in mocking me I'm blown away
