I got a girl, who lives with me
I got a girl, she smells so sweetly
I got a girl, she loves her dog
I got a girl, I love her dog too

I got a girl, who stares in the mirror
I got a girl, who blames it on her period
I got a girl, she is so right
I got a girl, she's my guiding light

Well, I know and I need
And I feel we're going higher and higher
Well, I know and I need
And I feel we're going higher and higher

I got a girl, who loves good soul
I got a girl, who dances to disco
I got a girl, who wears cool shoes
I got a girl, who wears them in the nude

I got a girl, who speaks her mind
I got a girl, who will argue anytime
I got a girl, she is so small
I got a girl, she'll knock down any wall

Well, I know and I need
And I feel we're going higher and higher
Well, I know and I need
And I feel we're going higher and higher

Get a load of this
She's always bitching at me
When I'm feeling down
Asking questions with her little frown
I can't take much much more of this
I'm out, out, out

Get a load of this
She's always bitching at me
When I'm feeling down
Asking questions with her little frown
I can't take much much more of this

I'm out, out, out

I got a girl, I love to kiss
I got a girl, I never wanna miss
I got a girl, she's my best friend
I got a girl, that won't even hold my hand

I got a girl, that makes me laugh
I got a girl, I'll make her laugh too
I got a girl, she has girlfriends
I got a girl, I like her girlfriends

Well, I know and I need
And I feel we're going higher and higher
Well, I know and I need
And I feel we're going higher and higher

Well, I know and I need
And I feel we're going higher and higher
Well, I know and I need
And I feel we're going higher and higher

I got a girl, I got a girl
I got a girl and she's got a guy
